Texas Technology Access Program

The Texas Technology Access Program (TTAP) promotes independence for people with disabilities through access to assistive technology (AT).

- Increase control over your immediate environment
- Strengthen your ability to function independently
- Improve your quality of life

WHAT WE DO

DEMONSTRATIONS
See Technology in action to determine what product is useful for you!

SHORT TERM DEVICE LOANS
Try assistive technology before investing!

RECYCLE & REUSE PROGRAMS
Purchase refurbished dedicated medical equipment or a computer!

ALTERNATIVE FINANCING
Seek information on financial assistance and counseling!
